

# Olivem 1000 Type

This listing describes a cetearyl olivate and sorbitan olivate emulsifier blend. Compare the actual grade composition and technical guidance rather than assuming equivalence from an Olivem-type search description.

## Material identity

|                     |                                     |
|---------------------|-------------------------------------|
| Ingredient identity | Cetearyl Olivate / Sorbitan Olivate |
| CAS reference       | Blend                               |
| Catalog appearance  | Soft wax pellets / flakes           |

## Catalog technical specifications

The following are published catalog reference specifications, not analytical results for a supplied lot. Confirm the current specification, method and batch COA before approval.

|                |                   |
|----------------|-------------------|
| Active content | 100% (neat blend) |
| HLB (calc.)    | Reported per lot  |
| Drop point     | Reported per lot  |
| Acid value     | <= 1.0 mg KOH/g   |
| Peroxide value | <= 5.0 meq/kg     |
| Shelf life     | 24 months         |

# Selection and qualification

## What to check for this grade

01. Confirm the manufacturer, full INCI composition and supplied physical form.
02. Request grade-specific thermal and processing information and the relevant specification.
03. Assess emulsion structure, viscosity, pH compatibility and stability in the intended formula.

## Olivate emulsifier blend vs Glyceryl Stearate SE system

These are different emulsifier systems; compare processing, formula fit and sensory results in controlled trials rather than assuming direct substitution.

## Does type in the title establish a branded original?

No. It describes a comparison or search term, not trademark authorization or branded origin. Confirm the exact supplier and composition before ordering.

## Prepare the sample and purchasing brief

Provide the intended formula format, destination market, trial quantity and acceptance criteria. Request the current COA, SDS and TDS, full composition, and relevant storage and handling instructions. Confirm pricing, order minimum, stock, packaging and delivery terms for the actual order.

## Catalog handling reference

|                   |                           |
|-------------------|---------------------------|
| <b>Packaging</b>  | 25kg fiber drum, PE liner |
| <b>Storage</b>    | Ambient                   |
| <b>Shelf life</b> | 24 months                 |
